

Call for Applicants

Join a project to improve perioperative pain management of your patients!

EFIC's Task Force on Improving Management of Perioperative Pain and PAIN OUT¹ invite healthcare providers caring for patients undergoing surgery to apply for a project aimed at improving management of perioperative pain.

This is a pilot project which will be carried out in:
Austria, Belgium, France, Italy, Netherlands, Serbia, Spain and Switzerland.

Once the pilot is complete, EFIC and PAIN OUT aim to make the program accessible to providers across Europe.

- Participants will carry out a 2-year Quality Improvement project in 1-2 surgical wards in their hospital using methodology provided by PAIN OUT.
- Applicants can be **anesthesiologists and/or surgeons and/or nurses, caring for patients undergoing surgery, in a hospital setting.**
- This pilot project will take place in up to 10 hospitals in the countries listed above.
- Participating hospitals will receive some funding as contribution towards costs associated with running the project, data collection and travel to workshops.
- Selection of applicants will be made by EFIC's Task Force on Improving Management of Perioperative Pain.

Deadline for applications is 01 May 2017.

For more information about the project see www.pain-out.eu
OR contact pain-out@med.uni-jena.de

¹PAIN OUT is an academic research and quality improvement network offering clinicians tools to evaluate perioperative pain management practices (www.pain-out.eu).
